

ACLCP Site-to-Site Visitation Grant

Gettysburg College and Bucknell University

July 8, 2024

On July 8, 2024, Gettysburg College library's Digital Humanities Fellows visited Bucknell University to meet up with their Digital Scholarship Summer Research Fellows. Eyoel Delessa (Research, Instruction, and First Year Engagement Librarian, Gettysburg), Jason Snyder (Librarian & Communications and Outreach Coordinator, Bucknell) and Ben Hoover (Student Experience and Outreach Specialist, Bucknell) led the combined fellows in a session about how to talk about their research. In this workshop, the fellows created elevator speeches that pitched their projects to various audiences. In the afternoon, the students showed off their current research projects to each other and solicited feedback.
